A Partnership Infused with A World of Opportunities!

First brewed over 35 years ago by the banks of the Tennessee River during the 1982 World’s Fair, Hint-of-Orange Iced Tea®, emerged as a Fair favorite among our global visitors and remained a hometown hero long after the world went home.

Hint-of-Orange Iced Tea’s presence at powerhouse venues with record-breaking audiences, such as University of Tennessee stadiums and the renowned Bristol Motor Speedway, have turned this refreshingly infused and brewed tea into a regional brand with deep Tennessee roots.

Steeped in the proud tradition of partnering with some of the most respected, homegrown commercial enterprises and institutions in Knoxville – and in the state of Tennessee – we strive to foster full strength relationships that benefit common mission and goals.
